Many thanks to you both for your work to compile the data. I know this effort is significant and very much appreciate all your help.

Subject: CI Produced Water data

Hi Hanh-

Here is the produced water data for CI. It includes 2008-2014. The zero's you will see in the data are "no discharge". The diffuser at Trading Bay was installed during June and July of 2009 which is why there are zero's for those two months.

I would suggest just sending John Veil the Word table and he can pull the 2012 numbers.
